Join the Women's Research Institute of Nevada to commemorate 100 years since Woman Suffrage with this College of Liberal Arts' University Forum Lecture. When women in Nevada won the right to vote and hold office, a complex process began with the 1869 Legislature. Join Dana Bennett, PhD, as she describes the process and re-introduces many long-forgotten Nevadans, both men and women, who were instrumental in that long battle, and especially in the final skirmishes of 1914, to win the vote for Nevada women.

This event is co-sponsored by UNLV's College of Liberal Arts, Women's Research Institute of Nevada, History Department, Women's Council, and Organization of Women Lawyers. Community sponsors include the American Association of University Women, the League of Women Voters of Las Vegas Valley, and the National Organization for Women (Las Vegas Branch).
